Completing the Travel Advance-Prepayment Form:

The Advance-Prepayment Form is to be used for allowable prepayment and cash advance travel requests prior to your travel date. All travel must be approved prior to the travel taking place. Completing and submitting the Advance-Prepayment Form serves as preapproval. The travel authorization form has been discontinued.

Four transactions can be processed by using the Advance-Prepayment Form:

Cash Advance – If you are traveling with students, you may request a check to pay for their meals. The check must be made payable to an employee. The employee’s Banner ID must be provided. A list of students who will be traveling is required as well as a conference agenda. Athletic teams traveling for athletic competitions should submit a travel itinerary in lieu of a conference agenda. (Check will be cut 5 days in advance). See section on Student Travel.

Prepayment of Hotel – You may request the university to prepay your hotel (room and tax only) via University check or by charging it to the University’s Credit Card if time does not permit mailing of a check. Your travel destination must be at least 35 miles from your duty station or home,
whichever is less. You are required to book and guarantee your hotel accommodations. Keep in mind the hotel subsistence rates of $67.30 within NC and $79.50 out of state when making your reservations. Ask for the state government rate or lowest rate available to keep hotel expenditures as close to the subsistence rates as possible. Documentation from the hotel that indicates the confirmation number, rate of the room and the amount of tax charged per night must be attached to the travel advance prepayment form. You must also attach a Credit Card Authorization Form, from the hotel, and a conference agenda. Athletic teams traveling for athletic competitions should submit a travel itinerary in lieu of a conference agenda.

- If you have the Corporate American Express Card, you must pay for your hotel accommodations and request reimbursement upon your return.

**Advance Registration** – You may request a check to pay registration fees to attend a conference. Documentation from the conference must be attached that indicates the amount of the registration fee. The Banner ID and remit to address must be provided. If the registration check is to be mailed, you must submit a registration form to mail with the check.

**Airline Tickets** – Travel arrangements must be made through Aladdin Travel by calling 336-768-1680 (option #5). Submit your Advance-Prepayment Form with an itinerary and conference agenda attached to Accounting within 24 hours. Once the form is received, an authorization number is called into Aladdin and the ticket will then be issued. Athletic teams traveling for athletic competitions should submit a travel itinerary in lieu of a conference agenda.

**Frequent Problems with Advance Prepayment Forms:**

- Banner Fund not provided.
- Missing signatures.
- Vendor not set up in Banner.
- Appropriate documentation not attached to form.

All advances need to be accounted for within thirty (30) days after the trip by completing a Travel Reimbursement form. Any advances not accounted for after thirty (30) days will prevent the employee from receiving future prepayments, as well as cash advances. If no reimbursement is due but prepayments were made by the University, you must still complete a Travel Reimbursement form. Below is a list of the documentation that is required to be submitted.

**Prepayment Type:**

- **Cash Advance** – submit a form signed by the student(s) indicating how much he/she received for meals or original receipts for meals.
- **Hotel** – submit itemized hotel bill that indicates the method of payment and a $0.00 balance.
- **Registration** – submit conference agenda and receipt (if possible).
- **Airline** – submit all boarding passes.

**Completing the Travel Reimbursement Form:**

The [Travel Reimbursement Form](#) is used to reimburse the traveler for allowable expenses incurred while in travel status. It should be submitted after you return. However, all travel must be preapproved. Management’s signature on the Travel Reimbursement Form acknowledges their awareness and approval of the travel prior to the travel taking place.

Mileage:

It is the intent of the State that state employee travel shall be conducted in the most efficient manner and at the lowest and most reasonable cost to the state. With regard to passenger vehicle travel, whether in- or out-of-state, agency travel policies shall:

- Maximize utilization of state-owned vehicles
- Make use of State term contracts for short-term rentals, and
- Reimburse for use of personal vehicles on a limited basis.

Agencies are encouraged to establish policies that promote efficient travel, such as ride-sharing. When State-owned resources are not available, the agency may procure vehicles through the State’s term contracts or reimburse use of personal vehicles. If a state employee chooses to use a personal vehicle, actual mileage is
reimbursable. Mileage is measured from the closer of duty station or point of departure to destination (and return). A state employee shall be reimbursed 53.5 cents per mile (the business standard mileage rate set by the IRS) when using their personal vehicle for state business when the round trip mileage does not exceed 100 miles per day of travel. However, if a state employee chooses to use a personal vehicle when the round trip mileage exceeds 100 miles per day of travel, the employee will be reimbursed at 17 cents per mile (the medical or moving purposes rate set by the IRS) for any additional miles over 100 miles per day of travel.

Subsistence:

- Per (G.S. 138.6) the maximum allowable rates for meals and lodging in-state is $105.20. This means $37.90 for meals, plus $67.30 for your hotel rate. Meals and lodging for out-of-state is $120.00. This means $40.50 for meals, plus $79.50 for your hotel rate.

Student Travel

Students at state institutions who travel on official state business are reimbursed at the same extent as are state employees. All other student related travel must be paid from non-state funds supporting that particular organization or activity.

Student travel for academically required projects, papers, theses, or dissertations is not considered official state business. However, if the student is traveling for the purpose of presenting at a conference or meeting and is officially representing the university during the travel, the university may choose to reimburse the student’s travel and subsistence costs from institutional trust funds only. Approval must be signed by the student’s department head and by the Chancellor. Student travel expenses while working as an employee of the state is considered official state business when traveling on behalf of their position. If
travel is reimbursed for a grant funded position, the reimbursement must be paid from grant funds.

The purchase of food or beverage for students at higher education institutions is not allowable unless a grant, donation, or other non-state funding source has been specified for this purpose.
