Winston-Salem State University: What Every Student Should Know

UNIVERSITY HISTORY
Winston-Salem State University was founded as Slater Industrial Academy on September 28, 1892. It began in a one-room frame structure with 25 pupils and one teacher. In 1895 the school was recognized by the State of North Carolina and in 1899 it was chartered by the state as Slater Industrial State and Normal School.

In 1925, the General Assembly of North Carolina recognized the school’s curriculum above high school, changed its name to Winston-Salem Teachers College and empowered it under the authority of the State Board of Education to confer appropriate degrees. Winston-Salem teachers College thus became the first Black institution in the nation to grant degrees for teaching in elementary grades.

The School of Nursing was established in 1953 and awards graduates the Bachelor of Science degree. In 1963 the North Carolina General Assembly authorized changing the name from Winston-Salem Teachers College to Winston-Salem State College. A statute designating Winston-Salem State College as Winston-Salem State University received legislative approval in 1969. On October 30, 1971, the General Assembly reorganized higher education in North Carolina. On July 1, 1972, Winston-Salem State University became one of 17 constituent institutions of the University of North Carolina subject to the control of the Board of Governors.

Since its founding in 1892, Winston-Salem State University has grown from a one-room frame structure to more than 39 buildings located on 117 acres; from one teacher to more than 400 faculty members; and from 25 pupils to a student body of more than 6,000. The university offers more than 60 programs: 45 bachelor’s degree programs; nine master’s degree programs (business administration, computer science and information technology, elementary education, English as a second language and linguistics, master of arts in teaching, occupational therapy, and rehabilitation counseling; a doctoral degree program (physical therapy); and six certificate programs (non-profit administration, family nurse practitioner, advance nurse education, add-on licensure programs in English as a second language, special education, academically/intellectually gifted and computer programming). The Institution has continued to grow and has more than 10 research centers and institutes which include TALIAS, Teacher Education, Advisements and Partnership Center, Maya Angelou Institute, Center for Community Safety, Center for Mathematics, Science, & Technology Education (CMSTE), Biomedical Research Infrastructure Center (BRIC), S.G. Atkins Community Development Corp., Small Business and Technology Center, Center of Excellence for the Elimination of Health Disparities, and many Community Knowledge Centers.

From 2001-2007, U.S. News and World Report magazine has ranked Winston-Salem State University among the top regional, public, liberal arts colleges in the South in its annual “America’s Best Colleges” guide.
The university has been served by the following presidents and chancellors:

ALMA MATER

**Alma Mater “As We Go Forth”**

Words and Music by Noah F. Ryder
(Christmas 1938)

As we go forth from Old State U.,
A song of love we sing to thee,
And praises to the memory
Of days at State University.
Thy sons and daughters bring thee fame
Through knowledge which we here have gained,
Exultingly we raise thy name,
Oh, Winston-Salem State University.

As we go forth from Old State U.,
Good leaders we will always be,
And stand for all humanity
As you have taught us, State University.
In all we do we shall proclaim
To all the world thy enduring fame,
As we go forth we praise thy name,
Oh, Winston-Salem State University.

**Originally published in a slightly different form, Noah F. Ryder (1938). Transcription 2004, Winston-Salem State University**
The Division of Academic Affairs is entrusted with the task of establishing and maintaining the academic climate and quality of Winston-Salem State University. Students enjoy a variety of choices for academic majors and are engaged by an excellent faculty. Take the opportunity to become familiar with all of the valuable information listed within this section.

**ACADEMIC SUCCESS COUNSELORS**
Proper academic advising, along with institutional support and resources, are vital to your success. Whether you are a first-year student just beginning your collegiate academic experience, a transfer student joining us from another institution, or a continuing student embarking on upper-level major courses, effective guidance in navigating college life can mean the difference between timely graduation and falling short of your academic goals.

**ACADEMIC SCHOLARS PREPARED FOR IMPACT, RETENTION AND ENGAGEMENT PROGRAM (ASPIRE)**
The Academic Scholars Prepared for Impact, Retention and Engagement Program (ASPIRE) offers selected student groups specialized academic support including early interventions, study sessions, and ongoing academic guidance from a Resilience Coach.

ASPIRE is designed for post-traditional students, student-athletes, university band, choir members, and more.

**ASPIRE provides support programs that:**
- Focus on each student learner’s needs and goals
- Respect diverse ways of knowing, and different rates and pathways of learning
- Implement innovative, evidence-based instructional practices
- Help students connect what they learn in courses to their own interests and goals
- Are accessible, engaging, and collaborative

**REGISTRATION**
New students should attend Orientation prior to the start of the semester to take placement tests (if required), meet with an Academic Success Counselor and register for courses. It is important that new students take time to read the acceptance letter carefully as well as any other literature received from Winston-Salem State University for more details and information. Current students will receive information on the academic advising period before registration begins. To register for classes for the new term, returning students are required to meet with an Academic Success Counselor or Departmental Faculty Advisor to discuss classes to take, holds that exist and to obtain a registration access pin number (Alternate PIN). A student will NOT be able to register for classes without an Alternate pin number. It is the student's responsibility to meet with your advisor prior to registering for classes.

**Changes in Registration**
Programs should be carefully planned under the guidance of the academic success counselor or department faculty advisor so that changes in registration will not be necessary. After a student has completed registration, changes may be made only by using the Registrar’s Electronic Services Catalog available online from the WSSU main website www.wssu.edu.

The courses for which a student is registered at the close of the registration period constitute his/her official registration and course load for the semester. No student will receive credit for any course or courses for which he/she is not properly registered.

**Course Loads**
The normal load for a regular student is the semester requirement as shown for his/her particular curriculum in the catalog or the program as outlined by the respective departments. Full-time students are those who register for a minimum of 12 SH of credit in a given semester. The maximum course load is 18 SH. No student is permitted to take more than 18 SH unless he/she has a cumulative grade point average of 3.0 or better. Students who are on probation are required to carry a reduced load of no more than 13 SH.
Auditors
Persons who wish to audit courses will follow regular admission and registration procedures and are governed by the same regulations applied to regular students. An auditor pays the regular course fees, but does not take examinations or receive a grade. Students once registered for “audit” are not permitted to change to “credit” and vice versa after the close of the period for making changes in the program.

Dropping Courses After the Close of Registration
A student may officially drop courses from his/her schedule until the end of the drop period. The date for each semester appears on the academic calendar.

CREDITS, GRADES, GRADE POINTS
The university calendar is organized on the semester basis. All credit is computed in terms of semester hours. A semester hour is the equivalent of prepared work for one hour per week for a semester of approximately 16 weeks.

The grade of I is assigned at the discretion of the instructor when a student who is otherwise passing has not, due to circumstances beyond her/his control, completed all the work in the course. The missing work must be completed by the deadline specified by the instructor, but no later than 12 months. If the grade of I is not removed by a signed change of grade form from the instructor during the specified time, a grade of F is automatically assigned by the registrar. Departments have a process to document the missing work and the computed grade with and without the completed work.

This is to be filed with the department chair whenever a grade of I is given in case the instructor does not return to the campus the next semester. (WSSU Policy 303.18).

Mid-semester and Final Grade Reports
Mid-semester progress reports are issued at the middle of the term. End-of-semester reports are issued to all students at the close of each semester.

Final grades are reported to the Office of the Registrar and a copy forwarded to the Office of the Vice Chancellor for Academic Affairs not later than 48 hours after the examination in each course is given, except on the last day of the examination period.

DEAN’S LIST
Eligibility to be named on the Dean’s List at the end of each semester shall be based on status as a full-time student (12 SH and above), with a grade point average of 3.0 or better for the semester, with no grade below C and no incomplete (I) grades on the report.

Change of Grade
A grade once reported to the Office of the Registrar may be changed upon the authorization of the faculty member issuing the original grade and the approval of the vice chancellor for academic affairs. A change of grade is made using the Electronic Services Catalog available on the Registrar’s website. The request is approved the the issuing faculty member’s department chair and updated by the Registrar. The reason for the change of grade shall be entered on the form and signed by the faculty member, department chair, vice chancellor for academic affairs, and the registrar.
**Repetition of Course**
Courses taken at Winston-Salem State University may be repeated only twice; i.e., a course may be taken a maximum of three times. If the policy of a particular academic major or minor is to allow fewer than two repeats of a course, then students in that major or minor are obliged to follow the more restrictive policy of that academic department. For additional information, refer to WSSU Policy 200.8 on the Office of Legal Affairs Policies and Procedures website: https://www.wssu.edu/about/offices-and-departments/legal-affairs/policies-and-procedures/index.html.

**Classification of Students**
Students are classified as freshmen, sophomores, juniors, or seniors according to the total number of credits their official records in the Office of the Registrar show they have earned by the close of the preceding term.

- **Freshmen**—those having fewer than 30 SH
- **Sophomores**—those having 30 to 59 SH
- **Juniors**—those having 60 to 89 SH
- **Seniors**—those having 90 or more SH

**Withdrawal from the University**
Students may occasionally find it necessary to withdraw from the university after the semester begins due to personal or medical problems. Withdrawal is not intended to be used to alleviate academic difficulty. Students must consult with your assigned academic success counselor or department faculty advisor before withdrawing from the University. A withdrawal for extenuating circumstances must meet criteria identified and noted in the University Withdrawal Policy available online from the main WSSU website www.wssu.edu.

**Final Examinations**
Final examinations are held at the close of each semester. The examinations are required of all students. Any student who is not present for an examination at the hour appointed forfeits the right to take the examination and will be considered as having failed on that part of the work unless excused for reasons deemed sufficient by the department chair.

Special examinations are given only to students who, for adequate reasons, were not present at the regular examination. The privilege of taking special examinations is granted by the provost.

**Academic Standards**
Comprehensive evaluation of the student’s academic standing is indicated in the grade point average. A grade point average is computed by dividing the total number of grade points earned at WSSU by the total number of hours attempted at WSSU (passed and failed). When a course has been repeated, only the credits earned and points of the higher grade earned are counted. Since a C (2.0) cumulative average is required for graduation (see requirements for all baccalaureate degrees), a student’s record should reflect progress toward that level of achievement. Pass/Fail courses are not used in the computation of the grade point average.

**Graduation with Honors**
Winston-Salem State University has four honors categories, which include graduation with distinction, cum laude, magna cum laude, and summa cum laude. In order to be eligible for graduation with honors, undergraduate students must complete a minimum of 60 semester hours of graded coursework offered by Winston-Salem State University. A grade-point average in the range of 3.8-4.0 is required to graduate with summa cum laude honors. A grade point average in the range of 3.5-3.79 is required to graduate with magna cum laude honors. A grade point average in the range of 3.0-3.49 is required to graduate with cum laude honors.

In order to qualify for graduation with distinction, students must complete at least 30 semester hours and less than 60 semester hours of graded coursework offered by Winston-Salem State University. A minimum grade-point average of 3.0 or higher is required.

**Registration at Another Institution**
Any student desiring to receive credit toward graduation for courses taken at any other institution must secure in advance the approval of the department chair in the department where the course is taught and the department chair of the student’s major area. This approval must be documented on the form: “Permission to Take a Course at Another Institution” which is available by using the Registrar’s Electronic Services Catalog available online from the WSSU main website www.wssu.edu.

The institution at which the work is done must be fully accredited. A student who has earned 64 SH at a two-year institution cannot earn additional credit from a two-year institution. For credit, the courses must be completed at the C level or higher. The student is responsible for requesting that an official copy of his/her transcript is mailed to the Registrar at Winston-Salem State University as soon as the courses are completed.

Enrollment Management and Academic Services

Undergraduate Admissions Office
The Admissions office, located in the Anderson Center, receives, screens and processes applications from all individuals seeking admittance to the university. In addition, staff provide pertinent information to prospective students, set recruitment activities and provide additional support specific to the recruitment and enrollment process.

Registrar’s Office
General functions of this office, located in the Thompson Student Services Center, room 202, include the compilation, evaluation, retention, and certification of students’ academic records. Staff members prepare and issue transcripts, counsel and certify veterans, and supervise the registration of all students. This office is responsible for maintaining and securing all educational records for WSSU students.

Library Services
The O’Kelly Library supports and enhances all Winston-Salem State University programs through its relevant, diverse, and current local collection and through resources beyond the library via interlibrary loan and various electronic services. Information requirements of distant users are met. The staff instructs and assists users with all aspects of library services to foster and instill lifelong learning. A readily accessible computerized index is maintained of all library holdings and other appropriate records. Sufficient auxiliary services and equipment are maintained at all times to respond to user needs. The staff strives to preserve resources and provide for archiving of university records and related documents.

The library’s website is most often the entrance way to library resources and services. Policies, contact information, list of new books, service hours, along with direct access to the on-line catalog and electronic databases, and other electronic resources are throughout the website.

E-proxy software validates university personnel when they are off-campus. Individuals are encouraged to contact library staff for up-to-date directions on the authentication process necessary to access electronic resources when off-campus.

A web-based version of Innovative Interfaces On-line system maintains all traditional library functions. The computerized index has the bibliographic records of library holdings. The system includes the on-line catalog, patron records, reserve collections, and media holdings which are all searchable from the library website. Resources can be searched by author, title, subject, call number, or format.

A textbook collection (in-library use only for 3 hours), with all titles currently used within the instructional program, is maintained to provide students with convenient access to their assigned texts. The staff works with university bookstore employees to acquire correct titles and editions.

O’Kelly Library maintains a total of 121 public access desktop computers and 52 laptops for public use. Other readily accessible hardware includes ten i-pads, fifteen scanners, ten webcams and a host of headphones. In the production lab there are twelve desktop and twenty laptop computers. All equipment must be used in the library. Since the entire campus is wireless, library resources can be accessed via laptop computers in study rooms and in open spaces.

Curriculum Materials Center
The Curriculum Materials Center is located in the Albert H. Anderson Center, room G19. It houses the children’s literature collection, state adopted textbooks and related materials for grades K-12. Other resources such as curriculum guides, teaching kits and audio-visuals appropriate for elementary and secondary instruction are in the collection. All materials are cataloged by O’Kelly Library technical services. For more information you may contact them at 336-750-8698.
DIGGS GALLERY
Throughout its history, Winston-Salem State has supported the arts and served as one of the cultural centers for the Winston-Salem community. For the last two decades, WSSU has witnessed tremendous cultural growth and, through gifts and acquisitions, has amassed an impressive permanent art collection. Composed of the Sculpture Garden, Biggers Murals and a number of paintings, prints and sculptures, the collection highlights African-American art. Supporting the permanent collection is the Diggs Gallery, a non-collecting exhibition space also emphasizing black culture from around the globe.

Diggs Gallery opened in the fall of 1990 and is the major cultural center at WSSU, offering 10-15 visual art exhibitions a year, half of which are curated and originate from the university. With more than 6,500 square feet, this venue also hosts interdisciplinary educational programs throughout the year. Exhibitions, publications and programs address a broad range of artistic expression, with special concentration on African-American and regional art. The gallery is named for James Thackeray “T” Diggs, Jr. (1915-1989), a 1934 graduate of WSSU, a painter and, for more than 40 years, a WSSU art professor.

Diggs Gallery evolved from a belief that WSSU should offer a meeting, sharing and learning place to encourage people from every walk of life to gather on the common ground of art. Thus, the mission of Diggs Gallery is to become a cultural meeting place where art is the common language for discussions about exhibits, programs and social issues, and where art can educate and enlighten. The aim of Diggs Gallery is to develop better understanding, tolerance and celebration of our diverse, global community. It, therefore, becomes a teaching facility, community center, art gallery, and meeting place geared to augment and support academic life on campus. Committed to serving the university family, the gallery also exists to increase WSSU’s role in the community and involve the North Carolina audience as the university seeks to make a stronger contribution to the cultural life of the region.

NEWS ARGUS
The university newspaper, edited by students, provides them with an excellent opportunity to learn and practice newspaper technique. The paper is also published on the World Wide Web.
ASSESSMENT OF PRIOR LEARNING AND SPECIAL CREDIT CONSIDERATIONS

The university recognizes that all learning does not take place in a classroom and has made provisions to evaluate such learning and award credit when appropriate. Students with prior college-level learning gained outside the traditional college classroom may receive credit for that learning by several means of assessment. Among the most common measures are advanced placement, the College-Level Examination Program (CLEP) examinations, and course challenges and proficiency examinations. Military veterans may also receive academic credit in health and physical education and courses taken while in the Armed Services. Where specific policies are not identified, prior learning related to the student’s educational program may be reviewed and credit awarded at the discretion of the appropriate academic department.

Advanced Placement

Winston-Salem State University participates in the Advanced Placement Program of the College Entrance Examination Board. Students who receive a score of 3 or higher on advanced placement tests will receive appropriate college credit. Also, college level courses taken in high school may be given credit after review by the appropriate department of the university following the enrollment of the student.

More information can be found in Policy 200.23 - Awarding Undergraduate Credit on the Basis of Advanced Placement Exam Scores on WSSU’s Legal Affairs Policies and Procedures website.

College-Level Examination Program (CLEP)

Winston-Salem State University participates in CLEP, a national program of credit-by-examination that offers students an opportunity to earn college credit by examination. CLEP offers two types of tests: general examinations and subject examinations. University policies regarding CLEP are as follows:

1. WSSU does not award credit for general examinations.
2. Students may earn a maximum of 36 SH of CLEP credit for subject examinations.
3. WSSU recognizes the right of each academic department to determine the maximum number of additional credits to be earned via challenging examinations.

4. Credit by examination cannot be used to meet the 30-hour residency requirement.
5. A CLEP score may not be used for course credit once a student has earned a grade in that particular course.

Course credit earned via CLEP is granted by the Office of the Registrar upon receipt of official CLEP scores. The document entitled “Credit-by-Examination for College-Level Examination Program” describes minimum acceptable scores and number of credit hours awarded.

Credit for Service and for Education in the Armed Forces

The university recognizes for credit certain training and experience in the Armed Forces of the United States. The completion of military service in the Air Force, Army, Marine Corps or Navy, including basic or recruit training of more than one year’s duration, is accepted for the general university requirement of three semester hours of credit in health and physical education upon presentation of evidence of honorable discharge or transfer to the reserve component. College-level courses offered by accredited institutions and made available to military personnel through the Servicemen Opportunity College will be considered for transfer credit if a grade of C or better has been earned and if the courses are applicable to the student’s curriculum. A transcript must be sent to the Admissions office directly from the institution offering the course.

Proficiency Examinations

Credit may be given to students registered in the university on the basis of examinations taken prior to or after admission to the university. The level of achievement, which must be demonstrated by the student on these examinations in order to receive examination credit, shall be determined by the department in which the course for credit is taught. No grade points are allowed for courses in which credit by examination is given. The credit shall be assigned only upon the authorization of the head of the department in which the student is registered. All students must meet program requirements.

- assistance in the preparation of resumes, cover letters and post interview communications.

Experiential Learning Programs are designed to strengthen your academic program through experiential learning and the practical application of acquired knowledge. Co-ops and internships are experiential learning programs which provide opportunities to gain work experience prior to graduation. Schedule a meeting with your academic advisor/internship coordinator to see if you can earn college credit for co-op/internship experience.

**CO-OP:** A structured educational strategy integrating classroom studies with learning through productive work experience in a field related to a student’s academic or career goals. It provides progressive experiences in integrating theory and practice. A co-op is a paid work experience in a professional setting. Students who do co-ops may work during the fall, spring or summer terms.

**Eligibility Requirements:** Candidate must be in good university standing, have completed sophomore-level courses with a 2.5 minimum cumulative GPA and have full-time student status. Students must check directly with their departments for specific minimum work periods and register with the Office of Career Services

**INTERNSHIP:** Any career-related work experience of limited duration that provides students with an opportunity to gain experience before they graduate while earning academic credit hours. The student works in a professional setting under the supervision of at least one practicing professional. Positions may or may not be paid. Students participating in
Internships may work during the fall, spring or summer terms.

**Eligibility Requirements:** Candidate must be in good university standing, have completed freshman-level courses with a 2.0 minimum cumulative GPA and have full-time student status. Interested students must check directly with their academic departments for specific minimum work periods in addition to registering with Career Development Services.

**The Job Location and Development (JLD) Program** assists students in obtaining part-time, temporary, seasonal, or summer employment. The JLD coordinator assists the student with identifying positions commensurate with the student’s interests and skills, informing students of employment opportunities. Jobs identified through the JLD program cover a variety of fields. The student does not receive academic credit for participating in the JLD program; however, the career experience is usually relevant to the student’s career aspirations. The experience also enhances the student’s confidence in his or her abilities, establishes a work history, provides financial assistance in the form of salaried employment, and gives the student an opportunity to improve interpersonal skills.

**Graduate and Professional School** assistance is provided to students interested in attending graduate or professional school. The office serves as a clearing house of information regarding graduate and professional school opportunities, provides assistance in preparation of graduate school applications, schedules and coordinates visits to graduate and professional schools, hosts graduate school fairs, and offers other related services.

**The Community Service and Service Learning Program** at Winston-Salem State University operates under the name of **Project GIVE** (Getting Involved through Volunteer Experiences). **Project GIVE** allows WSSU students to enhance their leadership skills through volunteer service activities on the WSSU campus, in the greater Winston-Salem community or their hometowns. By assisting service agencies dedicated to improving the human condition, students learn how to use their time, energy and abilities to make a positive impact on their surroundings.

The program is supervised by the Coordinator of Community Service based in the Office of Career Development Services (Hill Hall, 2nd floor). The coordinator serves as the link between local service agencies and all members of the WSSU community to establish volunteer opportunities that match student academic and/or personal interests. The coordinator also records all acceptable volunteer service hours earned by students during their enrollment. Students can use this information as a reference on applications for student organization, graduate schools or scholarships that require details of their volunteer service or for placement.

The Office of Career Development Services staff are available from 8:00 a.m. until 5:00 p.m. Mondays through Fridays. Evening hours are posted at the beginning of each semester and other times may be scheduled by appointment.
DISABILITY SERVICES INFORMATION
The Americans with Disabilities Act (ADA) extends federal civil rights protection in several areas to people who are considered “disabled.” Built upon a body of existing legislation, particularly the Rehabilitation Act of 1973 and the Civil Rights Act of 1964, the act states its purpose as providing, “a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities.”

As required by law, Winston-Salem State University will make every effort to provide auxiliary aids to students who require such assistance. Certain standards must be met for individuals to qualify for the Act’s protection. To be considered “disabled” under ADA, individuals must have a condition that impairs a major life activity, or have a history of such a condition, or be regarded as having such a condition.

A campus coordinator has been designated to assist students with disabilities. To receive assistance, students with a documented disability will need to provide documentation and complete the registration form on the Disability Services website. Any information supplied is voluntary; information will be shared only with personnel responsible for assisting students with special needs.

Any persons needing accommodations under Section 504 of the Rehabilitation Act(s) or the American with Disabilities Act should contact Disability Services through the university website link at https://www.wssu.edu/about/offices-and-departments/department-of-disability-services or at Blair Hall, room 115.

University Counseling Center
The University Counseling Center offers a wide range of programs and services primarily for students, both undergraduate and graduate. These activities focus on the individual needs of the student and present a balance of theory and practice in developing a well-rounded individual. The University Counseling Center has made a commitment to faculty and staff to assist them in their efforts to improve the quality and delivery of information to students in and out of the classroom. With this in-depth learning experience, students can acquire the tools necessary to become effective, confident and assertive people.

The fundamental mission of the University Counseling Center is to provide for students and assist them in developing a broader awareness of self while facing and negotiating the challenges and obstacles evident when participating in university life. The University Counseling Center supports the university’s mission by (1) assisting and offering services that will contribute to students’ well-being and growth within the educational structure and (2) providing counseling services to students experiencing stress and adjustment concerns due to personal problems, financial matters, decision making, academic concerns, anxiety and depression, or other conflicts with the campus community.

The University Counseling Center handles psychological problems, relationship and family issues, and emergencies and crisis situations. It is necessary for students to talk with trained professionals who understand what they are feeling and experiencing. A director and counselors are available and serve as skilled listeners who help students clarify issues, discover and explore their true desires and feelings, and deal effectively with problems and concerns at the university. The University Counseling Center staff act as advocates for students and are involved in student development programs, freshman seminar teaching, and consultation activities that support the efforts of administration, faculty and staff in improving the overall university environment. In addition, counseling workshops, seminars and other outreach activities promote personal...
and social growth and enhance the quality of student life. All services are designed to complement and support students as they pursue an academic career/degree.

Students may request services themselves or through referral. Many services are delivered through individual and group counseling sessions, workshops and outreach activities.

The University Counseling Center’s full-time staff consists of the director, three full-time counselors and an office assistant. Over the past several years, based on need and funding allocations, the University Counseling Center has employed work study students, and supervised and mentored student interns. The University Counseling Center staff is available from 8 a.m. – 5 p.m. Monday through Friday, and other times may be scheduled by appointment. Referrals to external agencies are made as appropriate. Call (336) 750-3270 or send an e-mail message to the appropriate staff member.

OFFICE OF SCHOLARSHIPS AND FINANCIAL AID

Winston-Salem State University is committed to providing financial aid to students who would otherwise be unable to attend the institution. This assistance is designed to supplement student and family contributions toward expenses.

Beginning January 1 of each year, students may apply for financial assistance at WSSU by completing the Free Application for Federal Student Aid (FAFSA) form. Students are strongly encouraged to establish February 15 as the target date for getting the free application or renewal application in the mail to the federal processor (envelope is attached to the application). By doing so, students will receive their Pell Grant Student Aid Reports (SARs) in time to submit them to the Financial Aid office on or before the April 1 priority deadline.

Students interested in applying for financial aid for summer school must complete the following each year beginning March 1:

1. Have on file current year’s FAFSA;
2. Submit application for financial aid for summer school;
3. Submit application for Stafford Loan; and
4. Observe all deadlines pertaining to summer school.

The dates for submitting all financial aid applications will be posted in Financial Aid. Students must enroll in six hours for the first session of summer school in order to be eligible to receive financial aid. Failure to adhere to this rule will result in the immediate cancellation of all federal student aid. Enrollment in the second session is optional.

Prior to disbursing funds, the Financial Aid office reviews each student’s record to make sure he/she is still maintaining satisfactory academic progress. The following is WSSU’s statement of satisfactory academic progress:

Statement of Satisfactory Academic Progress-SAP

The Higher Education Act requires Winston-Salem State University to develop and apply a consistent standard of academic progress. It further requires that a student must maintain satisfactory academic progress in a course of study leading toward a degree in order to be eligible for financial assistance.

Winston-Salem State University has developed its Satisfactory Academic Policy, located on the Financial Aid webpage, to carry out the statutory requirements that a student MUST be making satisfactory progress to be eligible for institutional aid (scholarships, grants and loans) and federal aid (federal Pell Grants, State Student Incentive Grants, federal College Work Study Program, all federal Stafford Loans, federal Supplemental Educational Opportunity Grants, and the federal Perkins Loan Program).

All enrolled continuing students must be making satisfactory progress toward completion of a four-year program at Winston-Salem State University to be eligible for financial aid. These policies apply only to students eligible to receive financial aid and do not reflect eligibility to enroll or re-enroll.
Winston-Salem State University’s Satisfactory Academic Progress Policy for students receiving aid under Title IV (HEA) programs corresponds with the policy used for students who do not receive Title IV funds. The policy is applied consistently to all students within identifiable categories (such as full-time, part-time, etc). The policy conforms to the standards of Winston-Salem State University’s accrediting agencies.

Grade Point Average for Qualitative Progress
Before a student is considered to be making satisfactory academic progress, the student must have the appropriate cumulative grade point average and cumulative semester hours earned. For more information about the process for satisfactory academic progress please contact the Office of Scholarships and Financial Aid, all students have an assigned financial aid counselor and information is available on their website accessible from the WSSU website www.wssu.edu click on the tabs for Admission and then Office of Scholarships and Financial Aid.

HOUSING AND RESIDENCE LIFE
Housing and Residence Life supports the academic mission of the university by offering opportunities for individual and collective growth of students who live on campus. The department exists to facilitate the personal development and academic growth of residents by providing (1) facilities that allow students to live in secure, clean and comfortable surroundings, conducive to the pursuit of academic excellence; (2) programs that address cultural, emotional, ethical, intellectual, occupational, physical, social, and spiritual needs; (3) programs that integrate residence life with student’s academic experiences and self-awareness; (4) programs that promote personal and collective responsibility that will have a lasting impact on the lives of students; and (5) programs that utilize technology in the daily lives of the residents.

Housing and Residence Life operates on a “living and learning” concept. Here, students are challenged to improve interpersonal relationship skills, to live peacefully, and to interact with others from different cultural, regional, and socioeconomic backgrounds. Students enjoy a healthy range of adult freedoms while carrying out their responsibilities at school.

Residence Hall Staffing
A management team manages each residence hall. The purpose of the team is to assist students with concerns which include, but are not limited to, safety, comfort, maintenance, roommate and personal issues, programming, etc. The management team consists of Area Coordinator (AC), Graduate Assistants (GA), desk assistant (DA) and resident assistants (RAs). The Area Coordinator is chief administrator of the residence hall. The Graduate Assistant is a part-time live-in staff member responsible for the overall or shared administration of a residence hall. The Desk Assistant is a student staff member who assists the community development of the residence halls by providing excellent customer service at the residence hall front desk. Desk Assistants help residents by answering questions from students and guests, checking out temporary access cards and keys, answering the phone, and providing general customer service for resources provided at the desks. RAs are upper-class students who live in a residence hall/facility. Each floor of a residence hall has at least one RA who lives on a floor with students and is available to assist with emergencies. Residence hall staff and students host special recreational, social, safety, cultural, and educational programs. These positive programs enhance the quality of on-campus living and group interaction experiences. Typically included in these activities are hall meetings, guest speakers, workshops, information sessions, and social events.

Leadership Opportunities (Residence Hall Council/Association)
Each residence hall has a Residence Hall Council. Combined, the councils constitute the Residence Hall Association. Students are elected president, vice president, secretary, treasurer, etc. to lead the councils. Every student resident of a hall is a member of a Residence Hall Council. The Residence Hall Councils and Association provide excellent opportunities for students to meet each other, work together and enhance their organization and leadership skills.
**Student Personal Property Insurance**

The university is not liable for damage to or loss of students’ possessions (whether due to fire, smoke, wind, water, theft, or other causes) and cannot pay students for such losses unless it is determined by the state of North Carolina that the loss was caused by the negligence of a state employee. Therefore, unless coverage is provided under an existing homeowner’s or renter’s policy, students should consider purchasing separate property insurance. Brochures and applications for this type of coverage are available in the Office of Housing and Residence Life.

For more information, call the housing office at 750-3400.

Organizations are encouraged to apply for assistance to support their programming needs. Students may choose from over 50 recognized student organizations; including but not limited to, music groups, departmental student groups, and university committees in which to participate. Additionally, there is an opportunity for any student to create a new student organization to serve a niche provided there is an identified interest.

The staff from Career Development Services and USAE coordinate a student involvement fair as an opportunity for students to learn about Winston-Salem State University clubs and organizations and of opportunities with other agencies in the Winston-Salem area. This fair is held the second full week of the fall semester and spring semester.

Student organizations are encouraged to use the student center’s facilities before reserving alternative campus spaces. The student center reservations telephone number is 750-3354.
Lyceum Programs
The Lyceum program offers a variety of cultural activities that include a Performing Arts Series, the Joseph N. Patterson Lecture, and an Academic Series. Recently, the Performing Arts Series has brought to the campus professional musicians, dancers, and theatrical groups such as contemporary jazz artist Dianne Reeves, Three Mo’ Tenors, the dance company Philadanco, and actor John Amos. The Patterson Series has hosted Robert f. Curl, Jr., Nobel Laureate in Chemistry; Sonia Sanchez, noted author, poet, and professor of English and Women’s Studies, and a Women’s Forum entitled “Women of Purpose.” The Academie Series has invited artists such as The Ritz Chamber Players, The New Century Saxophone Quartet, and the Dallas Brass. In addition to performing, artists in the Academie Series conduct workshops, master classes, and/or lecture demonstrations for music majors and other interested students. The Lyceum Cultural Events Series also serves to connect the university with the local and regional community, bridging town and gown.

Recognition of Student Organizations
The Recognized Organization Council serves as the governing umbrella in which all student organizations sit under. The council provides funding for campus organizations with regard to student programming and student travel initiatives. ROC meets monthly to discuss student organization events and provides a leadership workshops for all student organization at the beginning of each semester. To be recognized on campus (gain permission to use WSSU facilities and receive funding), a student group should follow these procedures:

- Submit a constitution to USAE for approval (models for constitutions can be obtained in the office).
- Submit a list of officers (president, vice president, secretary, and treasurer) and the name of the organization’s faculty advisor.
- Submit a statement signed by the organization president and faculty advisor which specifies membership will be on the basis of individual merit and free from discrimination because of race, creed, national origin, or handicap.
- Any organization with a national office must submit a letter stating that the campus organization has permission to be affiliated with the national organization and has permission to use the national name.
- Any organization that uses a pledge/initiation process may be held accountable to the same rules governing such processes as all Pan-hellenic organizations.
- The treasurer and president of each organization must attend the Student Organization Finance Workshop prior to gaining recognition.

Eligibility Requirements
A student is eligible for extracurricular activities if they are registered for the semester in which their name appears as a member on a student organization roster. Some activities such as participation in intercollegiate athletics and Greek life may involve special requirements.

Definition of extracurricular activity
An extracurricular activity is an activity that the university sponsors, for which academic credit is not granted nor required for graduation.

Benefits of Recognition
Recognition of a student organization is a privilege. It enables groups to become an official part of the university and provides a means of coordinating and communicating information about the organization’s purposes and membership opportunities. Benefits extended to student organizations that have been recognized include use of university facilities and services, use of the university’s name and eligibility to apply for student activity fee allocations. Specific facilities and services available include:

- Leadership and personal development
- University student center meeting rooms, classrooms, buildings, and grounds.
- University printing services
- University mail systems
- Posting privileges
- Access to RamSync to advertise your organization, recruit members, and promote events
**Membership within Organizations**

Recruitment can be done in a variety of ways. The Student Involvement Fair is conducted for the purpose of generating interest about campus organizations. It is a convenient, inexpensive way to advertise new membership openings. Membership could be further boosted by asking a member of each present organization to bring a friend to the next meeting.

Before using any method, however, understand that recruitment will only be effective if an organization has an identity. You can make yourself known on campus by having successful programs, advertising your name or using promotional tools to publicize the existence of your organization. All members should have an understanding of the group’s purpose and objectives in order to communicate its activities and programs to others. Word-of-mouth is the cheapest advertising available, and it can be the most effective, but be prepared to make your group look appealing to potential members.

The USAE staff will gladly help plan campaigns by offering helpful tips such as advertising to a target group on campus or advertising for experienced people to fill specific openings on the committee.

---

**STUDENT GOVERNANCE**

The Student Government Association (SGA) is composed of all students registered at the university, and serves as a liaison between the student body and administration. SGA develops and sponsors a diverse program of recreational, social and cultural events on a regular basis. SGA officers and designees participate in institutional governance in a number of ways and are appointed as members of many university committees to ensure student representation and involvement. The president of SGA serves as a voting member of the university’s board of trustees. Officers are elected by student vote each year.

All community members, including students, are expected to conduct themselves in accordance with the regulations of the university and to comply with municipal, state and federal laws. Violations of campus or university policies, rules or regulations, or federal, state, or local law may result in a violation of Code and the imposition of student discipline. III. Offenses Under the Code

a. Academic Misconduct
- Definitions regarding academic misconduct are set forth in writing in order to give students general notice of prohibited conduct. They should be read broadly and are not designed to define academic misconduct in exhaustive terms. Attempts to commit acts prohibited by the Code may also be addressed through the conduct process. These distinctions will be referenced occasionally below.

 Allegations of Code of Conduct violations will be presented to the Office of Community Standards & Civility, via the Maxient Student Conduct System, from the WSSU Campus Police, the WSSU Title IX Coordinator, or through an Incident Report completed by residence life staff, students, faculty, general staff, or the public at large. Incidents that violate the Code of Conduct should be submitted as soon as possible after it takes place and factual information should be provided to support the charge. Student or organization’s conduct proceedings may be instituted against a student/organization charged with violation of a law that is also a violation of the Code, without regard to criminal arrest, criminal charges, prosecution, or civil litigation. Proceedings under the Code are generally carried out without awaiting the conclusion of civil or criminal proceedings off-campus as such proceedings have no bearing on student conduct proceedings.

c. Attorney or Non-Attorney Advisor, Civility Advisors and Observers.

1. Definitions

“Civility Advisor” means a faculty, staff, or student member who has been trained by the Office of Community Standards & Civility to have a solid knowledge of the conduct process. The Civility Advisor gives advice or consultation to a student who is charged with a violation under the Code or student bringing forth information. The Civility Advisor is a student, faculty or staff member who is not an Attorney. While the Respondent and Complainant are responsible to explain their version of the events in question, the Civility Advisor acts merely in the capacity of advisement and cannot take the place of the Complainant or Respondent.

“Attorney” means any person licensed to practice law in the state of North Carolina. Consistent with the Students’ Code of Conduct and Student Discipline Procedures, an Attorney must complete specific documents prior to representing a student.

“Non-Attorney Advisor” means any person, who is not a licensed attorney in North Carolina, a student selects to assist them in the student conduct process. Consistent with the Code, this person must complete specific documents prior to assisting the student.

“Observer” means any person, other than an Attorney, who the student selects to play this role. The Observer is a non-speaking role and may not participate as a Non-Attorney Advocate or witness in the process.

2. Scope of Participation

Respondents charged with or under investigation for misconduct under the Code may be represented by an Attorney or Non-Attorney Advisor as prescribed in UNC Policy 700.4.1[R]. Otherwise, representation is not permitted in any university disciplinary proceeding. Representation is at the party’s own expense. If a party is represented, the Attorney or Non-Attorney Advisor may not interfere with the hearing, disrupt or delay it. Full responsibility for understanding the procedures remain with the Respondent and Complainant even where an Attorney or Non-Attorney Advisor provides representation.

Respondents who will be represented by an Attorney or Non-Attorney Advisor in the conduct process must, at least three (3) calendar days prior to any proceeding in which the Attorney or Non-Attorney Advisor intends to participate, notify the Director of Community Standards & Civility in writing of: 1) the name of the Attorney or Non-Attorney Advisor; 2) whether the Attorney or Non-Attorney Advisor is a licensed attorney or Non-Attorney Advisor; and 3) an address, telephone number and email address where the Attorney or Non-Attorney Advisor may be reached. At least two (2) calendar days prior to the proceeding, Respondents being represented by an Attorney or Non-Attorney Advisor must submit a Notice of Attorney or Non-Attorney/Advocate Representation form signed by the Attorney or Non-Attorney Advisor verifying that the Attorney or Non-Attorney Advisor has read and understood the Code, as well as Section 700.4.1 of the UNC Policy Manual. Respondents being represented in a conduct process must also complete and submit a signed FERPA release consenting to the Attorney or Non-Attorney Advisor to receive information and documents regarding the Respondent. The Attorney or Non-Attorney Advisor will not be allowed to participate in the hearing if the required forms are not executed prior to the Pre-Hearing Conference.

Nothing in the Code shall be construed to create a right for any student to be represented during a disciplinary or conduct procedure at the university’s or the public’s expense.

In addition to an Attorney or Non-Attorney Advocate (when allowed) or Advisor, Respondents (and Complainants in cases involving Equal Opportunity), may bring a single Observer to the hearing. An Observer may be a parent, friend, or other person of the Respondent’s choice. During the hearing, Observers may not confer with the Respondent, provide representation, actively participate, or disrupt or delay the hearing.

Additional time will be allotted pertaining to mitigating circumstances.

To obtain additional information or clarification, the Assistant Dean of Students does have the ability to contact the student to obtain said new information. When reviewing an interim suspension appeal, it will be limited to the following issues: 1) the reliability of the information concerning the student’s behavior; or 2) whether the conduct and surrounding circumstances reasonably indicates that the continued presence of the student on the university campus poses a threat.

A written decision shall be rendered by the Assistant Dean of Students or designee no later than five (5) calendar days after the submission and completion of the interim suspension appeal. The written decision will contain a statement of reasons for any determination to continue interim suspension. The decision regarding interim suspension shall be final and not subject to appeal.

H. Prospective witnesses, other than the Complainant and Respondent, will be sequestered at the beginning of the hearing and excluded from the hearing during the testimony of other witnesses. In addition, all parties and witnesses shall be excluded during Council deliberations. The Chairperson will observe deliberations, and may inform Council members of applicable university policies, regulations and rules, as well as the range of sanctions that can be implemented, but will not participate in discussions or attempt to influence the outcome of the hearing.

I. The Council’s determination shall be made based on the preponderance of the evidence, that is, whether the information presented has shown that it is “more likely than not” that the Respondent violated the Code. The Respondent’s past disciplinary record will be available during the sanctions portion of the hearing only.

J. Formal rules of evidence or civil procedure shall not apply in student disciplinary proceedings. Unduly repetitious or irrelevant information or witnesses may be excluded by the Chairperson. Hearsay information may be presented unless the Chairperson determines it is unreliable. The opposing party shall have an opportunity to rebut any hearsay information.

K. Written witness statements are the student disciplinary equivalent of affidavits, but without the formalities. They shall not be admitted into evidence unless signed by the witnesses as observed by a staff member in the Office of Community Standards & Civility. Exceptions to the observed requirement may be approved by the Office of Community Standards & Civility staff for good cause. Written statements from others regarding insight into the Respondent’s decision-making and character introduced at the sanctioning portion of the hearing need not be witnessed.

L. Upon timely request by a party or a witness and for good cause, the Chairperson may allow for testimony to be presented through closed-circuit or web-based technology (particularly where a party or witness would otherwise be unable to participate in the hearing). Testimony through this mode is at the sole discretion of the Chairperson.

M. Charges against multiple students involved in the same incident may be heard in a single hearing only if each Respondent consents to such a proceeding.

N. The sequence of a Conduct Council Hearing shall be as follows:

- The Chairperson shall read statements regarding the expectations for truthfulness and confidentiality, then sequester the witnesses in the case, except as provided in the Code.
- The Chairperson shall read the charge(s) and record whether the Respondent accepts or denies responsibility for the charge(s).
• The university representative shall present the case, including any witnesses. The Council and Respondent may question the university representative and witnesses after the presentation.

• The Respondent shall present his or her case including any witnesses. The Council, university representative and Complainant may question the Respondent and witnesses after the presentation.

• Questions from the parties shall be directed through the Council. The Chairperson may limit questioning that is redundant, irrelevant, or abusive.

• The university representative, Complainant and Respondent may make a closing statement. A closing statement is a short summary of the information previously presented, and conclusions the speaker wishes the Council to draw from the information. Either party may submit information, including written statements from character witnesses, or make statements concerning the appropriate sanction to be imposed. The past disciplinary record of the Respondent shall not be supplied to the Council prior to this portion of the hearing, except in cases where the charge includes failure to follow through on previous sanctions, recommendations, directives or violations of behavioral contracts. In those instances, the allegations of the complaint would already reflect the past disciplinary record of the Respondent.

• The Council will enter a period of deliberation. A decision will be made by majority vote. Only the Council members and the Chairperson may be present at deliberations. Deliberations are not recorded.

• The Council will determine its finding on each charge. Decisions of the Conduct Council may be “responsible” or “not responsible,” and sanctions will be recommended. A decision will be made by majority vote. Procedures for this deliberation are the same as for deliberation of responsibility on the charge(s).

O. As the designee for the Assistant Dean of Students, if the Council determines that suspension or expulsion is the appropriate sanction, the Council will forward a recommendation of the Respondent’s suspension or expulsion to the Assistant Dean of Students or designee, who will then issue a final decision on the sanction of suspension or expulsion.

P. A written decision that includes an explanation of the findings and reasoning supporting the Council’s decision will be sent to the student within five (5) calendar days of the decision through a means where delivery can be verified. An extended timeframe of submission will be allotted under mitigating circumstances. The time limit for filing an appeal begins upon delivery or attempted delivery of the written notification of the decision to the student.

V. Appeals
Each student who has received a disciplinary sanction shall be notified in writing of his or her appeal rights. This notice must be given no later than the date the written decision is delivered to the student/organization (or the date delivery is properly attempted, in the event delivery is not successful). Students/Organizations who have been found responsible for a conduct violation may appeal. Complainants involving Equal Opportunity infractions have the same appeal rights as the Respondent, and appropriate notice of these rights shall be delivered to Complainants.

a. Grounds for Appeal

During a Conduct appeal, the appealing party has the burden of showing either (1) a violation of due process; or (2) a material deviation from Substantive and Procedural Standards adopted by the Board of Governors.

i. Violation of Due Process. Due Process requires notice and an opportunity to be heard. A violation of due process means that the appealing party was not provided the required notice or an opportunity to be heard due to specified procedural errors, or errors in interpretation of university policies or regulations, that were so substantial as to effectively deny the Respondent a fair hearing. Reasonable deviations from the procedures set out in this Regulation will not invalidate a decision or proceeding unless the Respondent can show that, but for the deviation or error, there likely would have been a different outcome in the case.

ii. Material Deviation from Substantive and Procedural Standards. Material Deviation from Substantive and Procedural Standards require that the decision reached be neither arbitrary nor capricious. A material deviation from substantive standards means that there is a lack of information
in the record that could support the decision or sanction(s). This does not mean the information presented at the hearing can be re-argued on appeal; rather, it requires a showing that no reasonable person could have determined the Respondent was responsible or could have imposed the sanction that was issued, based on the information in the record. A material deviation from procedural standards means that a lack of information in the record that could support the decision is due to a procedural error that resulted in the proffered evidence or testimony being excluded.

b. Record on Appeal

In all cases resulting in an appeal, the decision, the complete record of the proceeding (including documentary evidence and any recording or transcript of testimony), the appeal materials filed by the student/organization, and any other relevant information, will be compiled by the Director of Community Standards & Civility and delivered to the person designated to review the appeal.

During the timeframe to appeal, the Respondent shall be afforded reasonable access to the case file.

c. Appeals from Minor Violations

Any disciplinary decision, other than where the Respondent has waived his or her right to appeal, may be appealed. Appeals from matters related to housing and residential living will be heard by the Assistant Director of Housing & Residence Life. Appeals from the Director of Community Standards & Civility will be reviewed by the Assistant Dean of Students or designee.

d. Appeals for the Sanction of Suspension

Except where the Respondent has waived his or her right to appeal, appeals for a sanction of suspension may be made to the 1) Assistant Dean of Students, then to the 2) Associate Vice Chancellor/Dean of Students, then the 3) the Associate Provost/Vice Chancellor for Student Development and Engagement, and end with 4) the Chancellor.

e. Appeals for the Sanction of Expulsion

Except where the Respondent has waived his or her right to appeal, appeals for a sanction of expulsion may be made to the 1) Assistant Dean of Students, then to the 2) Associate Vice Chancellor/Dean of Students, then the 3) the Associate Provost/Vice Chancellor for Student Development and Engagement, and end with 4) the Chancellor.

f. Deadline and Place for Delivery of Notice of Appeal

Student appeals must be received within ten (10) calendar days from the date that the written decision or sanctions is provided, or attempted to be delivered, to the student through any delivery method where receipt can be verified. Failure to submit the appeal within this time limit will render the original decision final and conclusive. An extension of time may be requested in writing within the ten-day limit, but it is within the discretion of the person deciding the appeal to grant or deny such requests.

The appeal must contain the following:

i. State the sanction being appealed;

ii. A detailed written statement specifying the grounds for appeal, a list of alleged errors in the decision or procedure, an explanation for why those decisions are in error, and the complete factual basis for the appeal;

iii. A requested remedy; and

For appeals of cases concerning Equal Opportunity, within ten (10) calendar days of receipt of an appellant’s appeal, the non-appealing party may submit for consideration a response to the appeal.

g. Appeal Review

The imposition of punitive sanctions may be deferred during the pendency of appellate proceedings, at the discretion of the person(s) reviewing the appeal, and upon written request of the Respondent. However, the educational sanctions are still required for completion. Where sanctions are deferred during the pendency of the appellate proceedings and the student’s appeal is ultimately unsuccessful, students may fail to receive grades or credit for courses or assignments already completed while awaiting a decision, or, in cases resulting in the sanction of suspension or expulsion, cause a student to pay back previously received financial aid for the semester.
completed. Students are encouraged to consult with Office of Community Standards & Civility regarding the ramifications of any delay in the enforcement of sanctions before submitting a written request for such deferral.

Appeals will be decided on the record of the original proceedings. New hearings will not be conducted on appeal. However, the person(s) reviewing the appeal may choose to ask the parties to submit written statements of their positions on appeal, beyond the information in the appeal notice. If the hearing body is alleged to have violated these procedures, a written response may be solicited from the hearing body or the Office of Community Standards & Civility on its behalf. Any such written statements from the parties or the Office of Community Standards & Civility must be drawn on information in the record; they cannot include new information or facts bearing on responsibility that were not presented at the hearing. These written statements become part of the record. Any decision to allow new information in the appeals process will be made by the person(s) reviewing the appeal.

h. Appeal Decisions

Following their review, the person(s) reviewing the appeal may decide:

i. To affirm the findings and sanction(s) imposed by the original Council/staff member.

ii. To reverse or modify the decision and/or sanction(s) of the Council/staff member. Such reversal or modification shall take place only upon a showing of clear and material error on the part of the Council/staff member and which error affected the outcome of the case.

iii. To remand the case to the Council/staff member. Cases will only be remanded based on:

A. Specified procedural errors or errors in interpretation of university policies or regulations that were so substantial as to effectively deny a fair hearing; or

New and significant material information that has become available and was not available previously to a person exercising reasonable diligence, which information could have affected the outcome of the proceeding.

iv. To dismiss the entire case. Dismissal will occur only if there is insufficient information to support a finding of responsibility.

VI. Disciplinary files, Records & Transcript Notations

a. Record Retention

All conduct records related to a case will be kept in a conduct file in the name of the Respondent. Conduct records will be retained in the Office of Community Standards & Civility consistent with the university Records Retention and Disposition Schedule.

Consistent with the Records Retention and Disposition Schedule, student files with sanctions resulting in suspension or expulsion will be retained in the Office of Community Standards & Civility on a permanent basis. After eight (8) years, only those items which are necessary to understand the factual allegations involved will be retained.

b. Disclosure of Records

Disciplinary records for Respondents who were found responsible may be reported to third parties, in accordance with university regulations and applicable laws, including but not limited to FERPA.

c. Transcript Holds and Notations

A temporary hold may be placed on a student’s record while disciplinary proceedings or a suspension/expulsion is pending. While on hold, a student may not, at the discretion of university personnel, register for classes or receive an official copy of his or her transcript. At the discretion of university personnel, students may not graduate while a disciplinary action is pending.
Students who have been suspended or expelled will have their names entered into the UNC System database for suspended/expelled students. Students who have been expelled from WSSU will not be admitted to another UNC System constituent institution.

VI. Reconsideration of Expulsion

a. Timing of Petition

After an expulsion has become final, the former student may submit a written petition to the Chancellor requesting approval for reinstatement. A petition for approval of reinstatement will not be considered prior to the expiration of two (2) calendar years after the effective date of the expulsion. In addition, repeat petitions will not be considered until at least one (1) calendar year has passed since the filing of the previous petition.

a. Contents of Petition

A petition for approval of reinstatement should list reasons why the former student deserves to be readmitted to the university. The reasons should focus primarily on the former student’s activities and behavior after the expulsion and why the student believes that he or she should be given a new opportunity to pursue higher education. Re-argument of the merits of the expulsion is inappropriate unless exonerating information has become available that could not have been discovered at the time of expulsion.

b. Procedure for Review

The Chancellor will forward the petition for approval of reinstatement to the Associate Provost / Vice Chancellor for Student Development and Engagement. The Associate Provost / Vice Chancellor for Student Development and Engagement will coordinate the gathering of the information and disciplinary record for review. The Associate Provost / Vice Chancellor for Student Development and Engagement may request additional information from the former student and/or the Office of Community Standards & Civility when necessary.

The Associate Provost / Vice Chancellor for Student Development and Engagement along with the Office of Community Standards & Civility will form a committee to review the petition. The committee may interview the former student and/or ask for additional information from the appropriate resources pertinent to the petition and in evaluating the petition.

The committee will make a recommendation regarding the petition to the Chancellor, who will render a decision and notify the petitioner. The decision whether to approve the petition for reinstatement shall be entirely at the Chancellor’s discretion.

Any student who successfully petitions for approval of reinstatement and returns to the university will be placed on disciplinary or academic integrity probation for the remainder of his or her academic career. In addition, the student must comply with any additional requirements the Chancellor may impose for readmission. The transcript of a student who is successful in petitioning for approval for reinstatement will retain the expulsion notation and the phrase “Approved for Reinstatement” will be added to the transcript.

No institutional appeal is available. However, the former student may re-petition provided that one (1) year has elapsed from the denial of any previous petition.

II. Special Provisions for Equal Opportunity Allegations (Hostile Environment Harassment, Sexual Misconduct & Relationship Violence)

a. General Provisions

Generally, matters related to student conduct and the complaint resolution process for Equal Opportunity allegations will be governed by the same processes as described above for General Infractions, including both Minor Violations and Serious Violations. What follows are special provisions which may modify the sections above.

For further information on Equal Opportunity, individuals may consult the Policy 900.2 “Sexual Misconduct and Gender Based Harassment,” for all policies, detailed procedures of EEO cases, and updated federal mandated regulations.

b. Reporting

Conduct proceedings may be instituted against a student charged with violation of a law that is also a
violation of the Code, without regard to criminal
arrest, criminal charges, prosecution or civil litigation.
Proceedings under the Code are generally carried
out without awaiting the conclusion of civil or criminal
proceedings off-campus as such proceedings have no
bearing on student conduct proceedings.

sexual misconduct or other suspected criminal activity

Any student, faculty, staff, third-party contractor
or members of the general public may make a report of
suspected Equal Opportunity violations as follows:

i. By making a report to a Title IX Officer in person,
   by the Incident Reporting Form, by telephone, or
   by email;

ii. If on campus, by contacting the WSSU Campus
   Police Department or Winston-Salem Police
   Department for assistance in filing a criminal
   complaint and preserving physical evidence;

Under WSSU Policy 900.2 “Sexual Misconduct and
Gender Based Harassment,” all university employees,
with the exception of those designated as Confidential
Employees, are considered to be “Responsible
Employees.” As such, all reports that are brought to
the attention of a Responsible Employee must be
promptly submitted to the Title IX Coordinator by the
Responsible Employee.

Students may make a report to the Title IX
Coordinator, to law enforcement, to neither, or to
both. The campus Title IX process and law
enforcement investigations operate independently
of one another, although the university will coordinate
information with the WSSU Police Department and/
or local law enforcement when both an administrative
proceeding and criminal investigation are on-going.
University community members are encouraged to
consult with the Title IX Coordinator if they have any
questions regarding this policy or reporting prohibited
conduct.

University community members may raise concerns
about the university’s application of Equal Opportunity
with the United States Department of Education,
Office for Civil Rights (“OCR”). The address and
telephone number of the appropriate OCR District are
as follows:

U. S. Department of Education
Office for Civil Rights
District of Columbia Office

Telephone: (202) 453-6020
FAX: (202) 453-6021
TDD (877) 521-2172

c. **Timeframe for Reporting**

There is no time limit for reporting prohibited
conduct. University community members are urged
to make a report as soon as possible after the conduct
has occurred to maximize the university’s ability to
respond promptly and effectively. Reports under this
policy may be made at any time without regard to how
much time has elapsed since the incident(s) in
question.
If the responding party is no longer a student or employee at the time of the report, the university may be limited in its ability to take disciplinary action against the Respondent. The university will still seek to meet its Title IX obligations by providing support for the Complainant and taking steps to end the prohibited behavior, prevent its recurrence, implement supportive measures to the parties, and address its effects. The university may assist the Complainant in identifying and contacting law enforcement and other external enforcement agencies.

d. Supportive Measures

Both the Complainant and Respondent may request supportive measures during the disciplinary investigation. Supportive measures mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve access to the university’s education program or activity without unreasonably burdening the other party; protect the safety of all parties and the institution’s educational environment; and deter sexual harassment. The university will maintain as confidential any supportive measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Supportive measures may include one or more of the following:

i. Access to counseling and medical services;
ii. Assistance in obtaining a sexual assault forensic examination;
iii. Assistance in arranging rescheduling of exams and assignments and extensions of deadlines;
iv. Academic support;
v. Assistance in requesting long-term academic accommodations through the Office of Student Services, if the Complainant qualifies as an individual with a disability;
vi. Change in the Complainant’s campus housing;
vii. Assistance navigating off campus housing concerns;
viii. Imposition of a “no contact order,” an administrative remedy designed to curtail contact and communications between two or more individuals;
ix. Referral to resources which can assist in obtaining a protective order, or other legal remedy;
x. Referral to resources which can assist with financial aid other administrative concerns; or
xi. Any other remedial measure that can be used to achieve the goals of this policy.

Requests for supportive measures may be made to the Title IX Office. The Title IX Office has the discretion to impose and/or modify any supportive measures based on all available information and is available to meet with a Complainant or Respondent to address any concerns about the provision of supportive measures. All individuals are encouraged to report to the Title IX Office any concerns about the failure of another to abide by any restrictions imposed through an interim protective measure.

e. Sanctioning

The university will take reasonable steps to end Equal Opportunity violations; to prevent recurrence; and to remedy the effects. Any person who is found to have violated this Policy shall be subject to disciplinary action, up to and including expulsion from educational programs. The specific penalties imposed on violators will be commensurate with the level of offense and in accordance with applicable laws and university regulations, policies, and procedures. The university
recognizes that some offenses are so serious that suspension or expulsion may be warranted on the first occurrence. Factors that will be considered in determining the appropriate level of discipline include:

Q. Seriousness of offense (e.g., effect of the misconduct on the university’s mission, isolated or repeated offense, deliberate or inadvertent misconduct, etc.);

R. Prior misconduct (e.g., disciplinary record, similarity of past offenses to current misconduct);

S. Consistency of Penalty (e.g., is the disciplinary action consistent with treatment of similar misconduct in other cases);

T. Potential for rehabilitation (e.g., self-disclosure prior to investigation, seeking assistance with problem); Effectiveness of a lesser sanction; and

U. Other aggravating and mitigating circumstances.
ACADEMIC INTEGRITY

Definitions
Winston-Salem State University puts forth every reasonable effort to maintain academic integrity in the instructional program. To compromise integrity through acts of academic dishonesty seriously jeopardizes the quality of instruction and the caliber of education we purport to provide to students. Such dishonesty includes:

Cheating - Intentionally and knowingly using unauthorized materials, information, or study aids in any academic exercise or matter.

Plagiarism - Intentionally and knowingly representing in any academic exercise or matter the words or ideas of another as one’s own.

Fabrication - Intentionally and knowingly falsifying or inventing information or citations in an academic exercise.

Facilitating Academic Dishonesty - Intentionally and knowingly helping, or attempting to help, another to commit an act of cheating, plagiarism or fabrication.

Procedures
The following procedures shall apply to situations where students are accused by faculty of engaging in acts of academic dishonesty.

1. The instructor of the course shall report all allegations of academic dishonesty to the department chair. (In cases where the department chair is the instructor, allegations should be reported directly to the division director.)
2. The chair shall review the case to determine if there is reason to believe that academic dishonesty may be involved.
3. If such a reason exists, the chair shall then refer the case to the dean of his or her division along with other pertinent information.
4. The dean shall then consult with the student involved. If the act of academic dishonesty is admitted, the dean shall confer with the associate vice chancellor for student affairs to determine if the student has any record of prior offenses involving academic dishonesty. If it is the student’s first violation, the dean may dispose of the charges provided the penalty is accepted by the student in writing. In such cases, a written report of the matter, including the action taken, shall be sent to the coordinator of judicial affairs for inclusion in the student’s file. If the student does not accept the penalty imposed by the dean, he or she has the option of being heard by the Committee on Academic Integrity consistent with the provisions below beginning at Section II.6.
5. If there is insufficient evidence or reason to believe that a violation has not occurred, a report shall be written and maintained by the dean; but will not be included in the student’s file.
6. If the case is not resolved in the manner specified above, the dean shall inform the standing Committee on Academic Integrity. The committee shall consist of seven (7) faculty members, five (5) regulars and two (2) alternates, selected by the Faculty Senate. The academic ranks of the regular faculty members shall include one (1) assistant professor, two (2) associate professors, and two (2) professors. The academic ranks of the alternates shall be one (1) assistant professor and one (1) associate professor or professor. The committee also shall include four (4) students, two (2) regulars and two (2) alternates, selected by the Student Government Association. A chair shall be elected from the faculty on the committee. Members shall serve for one academic year.
7. The committee shall hear the allegation, following the hearing procedures outlined in Section III of this policy.

Hearing Guidelines
1. Those students/respondents entitled to a hearing shall be informed of the specific charges against them in writing by the committee chair at least five (5) days in advance.
2. A hearing panel shall consist of four (4) faculty members and two (2) students drawn from the committee by the chair. A faculty member serving on the panel and elected by panel members shall serve as the president officer, but shall not vote.
3. Respondents may be accompanied and assisted by a representative. Representatives cannot take part in the hearing, but may advise the respondent.

4. The complainant shall be the referring faculty member who may be accompanied by the department chair, program coordinator, or other department official.

5. Hearings must be transcribed, at the expense of the department, to ensure sufficient review on appeal.

6. The hearing shall be under the control of the panel chair. Evidence and testimony that is immaterial or repetitive shall not be allowed.

7. Prospective witnesses, other than the complainant, respondent and representatives, shall be excluded from the hearing during the testimony of other witnesses.

8. The complainant shall present evidence first, followed by the respondent who shall offer rebuttal. Evidence may be oral or written.

9. The respondent and complainant shall be accorded an opportunity to cross-examine witnesses who testify for the other party.

10. The burden of proof shall be upon the complainant who must establish the guilt of the respondent by a preponderance of the evidence.

11. Affidavits shall not be admitted into evidence unless signed by the affiant and witnessed by a notary public.

12. The final decision of the panel as to guilt or innocence shall be by simple majority vote.

13. A determination of guilt shall be followed by a supplementary proceeding in which either party may submit evidence or make statements concerning the appropriate sanction to be imposed. The disciplinary record of the respondent shall be made available for purposes of the supplementary proceeding.

14. The final decision of the panel as to a penalty shall be by simple majority vote.

15. The sanctions specified by the panel are regarded as recommendations.

16. The recommendation of the committee is transmitted to the vice chancellor for academic affairs who accepts or rejects the penalty and informs the respondent of his/her decision. The decision of the vice chancellor, both as to guilt and degree of penalty, may be appealed to the chancellor; the decision of the chancellor may be appealed to the Board of Trustees. The decision of the Board of Trustees is final.

**Penalties**

Any respondent who commits an act of academic dishonesty, including a first offense, shall be penalized based on the infractions by the following sanctions. These sanctions are intended to offer guidance to those responsible for recommending penalties. The direction is toward the imposition of more serious disciplinary measures in serious cases.

**Reprimand** - The respondent is reprimanded in writing by the dean, who warns the student of the seriousness of the infraction and the importance of maintaining academic integrity.

**Reduction in Grade** - The respondent may receive a reduced, but not failing, grade for either the academic exercise, the course or both. The grade actually earned by the student shall be reduced by only one grade. This penalty must be accompanied by a reprimand to be included in the student’s file.

**Failing Grade** - The respondent may receive a grade of F for either the academic exercise or the course. When a grade of F is recommended for the course, a grade of F is automatically applied to the academic exercise. This penalty must be accompanied by a reprimand to be included in the student’s file.

**Suspension** - Suspension from the university for a period not to exceed one semester, or portion thereof (not including summer sessions), may be recommended by the panel. The minimal period of a recommended suspension shall be the remainder of the current semester. In all such cases, respondents shall be withdrawn administratively from the university and a W inserted on their transcripts next to each course in which they are enrolled. At the end of the suspension period, the respondent may return to the university under the provisions for returning students contained in the university catalog. This penalty shall be accompanied by a written reprimand to be included in the student’s file.

**Expulsion** - A recommendation from the panel for expulsion indicates that the respondent shall be withdrawn from the university. In instances of expulsion, the respondent may, after two semesters (not including summer sessions), apply for re-admittance through written correspondence to the vice chancellor for academic affairs who, after reviewing the record, shall act upon the request and inform the respondent of the decision. The decision of the vice chancellor for
academic affairs may be appealed to the chancellor; the
decision of the chancellor may be appealed to the Board
of Trustees. The decision of the Board of Trustees is
final.

Disciplinary records for any act of academic dishonesty
are maintained indefinitely. These records are
considered part of a student’s file and referred to when
requests from prospective employers and educational
institutions are made about the disciplinary records of
respondents.

Suggestions for Faculty and Staff

1. Educate students about academic offenses and
penalties. For example, copying laboratory
assignments constitutes a violation of this
policy.
2. Outline expectations on the course syllabus for
academic integrity.
3. Keep examinations in a secure location.
4. Carefully proctor examinations.
5. Implement methods for preventing plagiarism.
6. Verify faculty signatures on grade change forms.
7. Assign all grades in ink.

The Academic Integrity Policy was approved by the Board of
Trustees on October 17, 1992.

Affiliate Organizations of Fraternities and
Sororities Policy
WSSU does not recognize affiliate organizations of
fraternities and sororities. It is, therefore, the policy of
Winston-Salem State University that fraternities and
sororities shall permanently terminate affiliation with
the following groups:

1. Pre-initiation or “pre-pledge” groups
2. Sweetheart organizations (both male and
female)

Winston-Salem State University, consistent with
member organizations of the National Pan-hellenic
Council has abolished the use of “pledging” activities for
all sororities and fraternities. Organizations that wish
to accept new members may do so by following only
those conditions set forth in the Membership Intake
Procedures. The procedures can be obtained from the
Office of University Student Activities and Engagement.

ALCOHOL POLICY
Winston-Salem State University is a dry campus.
Effective September 1, 1996, the North Carolina
Alcoholic Beverage Control laws made it unlawful for
any person under 21 years of age to purchase, possess or
consume such beverages, or for any one to aid or abet
such a person in purchasing, possessing and consuming
any alcoholic beverage.

The university recognizes the health risks associated
with the use of illicit drugs and the abuse of alcohol. As
a depressant, alcohol gives a feeling of well-being, causes
a loss of coordination, intoxicates, and leaves one with a
hangover. Some of the hazards of abuse include:

1. Physical and psychological dependence can
develop.
2. Long term heavy drinking is a factor in liver and
heart damage, malnutrition, cancer, and many
other illnesses.
3. Driving under the influence can cause accidents
because of slowed reflexes, disorientation, etc.

All requests to serve alcoholic beverages on campus or
at university-sponsored events must be approved by the
chancellor.

The following rules and regulations are applicable to the
Winston-Salem State University community:

1. Under no circumstances may any type of
alcoholic beverage be sold by any persons
or organizations or corporations on the campus
of Winston-Salem State University, excluding
previously cited exceptions.
2. It shall be unlawful for any person to consume
any malt beverage or wine - fortified or
unfortified – in any public place or upon any
public street or upon the private business
premises of WSSU, or liquor/whiskey in any
public place, upon any public or university street
or parking area, upon the private business
premises of the university, or in or around any
residence hall or institutional facility or
building.
3. It is unlawful for anyone to aid or abet a person
under 21 years of age in purchasing, possessing
or consuming alcoholic beverages.
4. University-sponsored off-campus affairs at which
alcoholic beverages are served shall be governed
by all applicable local, state and federal laws.
5. Drunkenness, coupled with disorderly conduct, will not be tolerated. The institution will impose disciplinary sanctions on students and employees (consistent with local, state and federal laws), up to and including expulsion or termination of employment and referral for prosecution for violations of the standards of conduct. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

CLASS ATTENDANCE POLICY

Student Responsibilities:

1. Students are required to attend class, whether face to face or virtually, and complete assignments as set forth in the class syllabus.

2. Students are responsible for checking their registration status and should print a hard copy for their records after the change of registration (add/drop) period is completed. Students who are not officially enrolled (includes payment or arrangement for payment) at the end of the add/drop period will not be eligible to receive a grade for the class.

Faculty Responsibilities:

1. Faculty members are required to monitor attendance.

2. During the change of registration period, faculty members should a. alert students if they do not appear on the official roll and require the students to complete the registration process; b. alert the registrar about students whose names appear on the roll but never attend class.

3. At the mid-term and final grading periods, faculty members are to notify the registrar of students who stop attending class by entering the date of the last day the student attended class on the grade roster.

Students who have not attended class nor made contact with the instructor to explain the absence by the end of the first day the class meets or the first assessment (technology delivered classes only) may be administratively dropped from the course. Students who miss classes as a result of such symptoms as fatigue, exhaustion, fear, tension, anxiety, anger, or unexplainable illness should also seek assistance through the Counseling Center.

For current information on this policy please refer to the Class Attendance and Absence Policy. In cases of emergencies involving extended absences from class, the affected student should contact the Office of the Dean of Students who is the administrator office over the University Counseling Center. The Dean of Students will advocate on behalf of the student by notifying the student’s instructors regarding the absence.

FREE SPEECH ZONE POLICY

Freedom of speech is one of the most cherished traditions of the academic community. A community of scholars cannot pursue truth without the ability to publish critical information. One of the most important responsibilities of Winston-Salem State University is to protect the right of expression in a manner that does not infringe upon the rights of others to pursue their studies or work. In guaranteeing free speech, the administration’s obligation is to provide reasonable regulations of time, place, and manner, so that disruption of normal educational activities is avoided. For detailed information on the scope and guidelines for public assemblies please refer to the Free Speech Zone Policy.

POLICY ON CLASS DISRUPTION

Occasionally student misconduct may disrupt a class. In such cases the faculty member may request the disruptive student to leave the classroom immediately so that the class may continue. If the student refuses to leave the class immediately, the instructor may contact Campus Police to have the student physically removed from the classroom.
At the close of class, the instructor should notify the department head of the incident and discuss any further measures to be taken. The department head shall immediately prepare a written notice to the student not to attend the class until a hearing or mediation has occurred. The notice shall be provided to the faculty member, the student and the student conduct officer.

Such situations may be resolved, at the discretion of the faculty member, through mediation and/or the student conduct system outlined in the WSSU Student Handbook. The mediator may be the department head or a third party mediator. Mediation shall occur prior to the next scheduled class session that the disruptive student would attend. A department head serving as a mediator shall be subject to the same guidelines as a third party mediator, including the requirement of confidentiality. Mediation would be arranged through the judicial officer. The office would be responsible for notifying the student of a request for mediation. If mediation is successful, no further action shall be taken. A report of mediation, indicating only that mediation was or was not successful, would be filed with the judicial officer. If mediation is successful, a copy of the resulting mediation agreement will be provided only to the faculty member and the student.

If mediation is not attempted, or is unsuccessful, the faculty member shall, within 24 hours, file an online behavioral referral form which will be forwarded to the Office of the Dean of Students for student conduct resolution. The Office of the Dean of Students shall initiate proceedings under the Student Code of Conduct.

Pending outcome of the mediation or student conduct process, a determination will be made about graded assignments.

**CYBER BULLYING POLICY**

Winston-Salem State University recognizes the importance of information technology to the mission of a modern university. These electronic resources provide vital communication links among faculty, students and staff. They are infused into the curriculum and provide expanded opportunities for accessing instruction and information. These resources facilitate research and scholarly endeavors, and they aid collaboration within and beyond the borders of the campus. At the same time, these platforms present opportunities for misuse and for people to harm others when the technology is used without regard to consequences and without respect for one another. A safe and civil environment at Winston-Salem State University is necessary for pupils to learn and achieve high academic standards.

**DEFINITION:** Cyber Bullying is defined as any activity that deliberately threatens, harasses, intimidates an individual, places an individual in reasonable fear of harm to the individual or damage to the individual’s property, or has the effect of substantially disrupting the orderly operation of the individual’s daily life via the use of electronic information and communication devices, to include but not be limited to: e-mail messages, instant messaging, text messaging, cellular telephone communications, internet blogs, social media sites, internet chat rooms, internet postings.

For detailed information please refer to Cyber Bullying policy.

**MISSING STUDENT NOTIFICATION POLICY**

WSSU takes student safety very seriously. As such, this policy is established in compliance with Section 488 of the Higher Education Act of 2008, to assist in locating any WSSU student, who based on facts and circumstances known to WSSU are determined to be missing for 24 hours. The following policy and procedures applies to any student living in on-campus housing, or in alternative housing managed by the University, which may be located off-campus.

**Notification Procedures**

Any reports of a missing student by residence life staff are to be referred immediately to the Department of Campus Police & Public Safety. If student is determined to be missing, the Vice Chancellor for Student Affairs will contact the individual identified by the student or contact the custodial parent or legal guardian for un-emancipated students under the age of 18. The Vice Chancellor for Student Affairs or designee will immediately notify the Chancellor and Provost of any missing student.

**Campus Communications**

In all cases of a missing student, the University and Media Relations will provide information to the media that is designed to obtain public assistance in the search for any missing student. The local law enforcement agency will consult with WSSU Media Relations Office.
and the Chief of Police or designee. Any media requests to the University will be directed to WSSU Media Relations.

For a detailed description please refer to the Missing Student Notification Policy.

HAZING POLICY
Winston-Salem State University (“University”) prohibits any form of hazing of its students, at any time, or at any location on or off campus, including University owned or leased property, private residences, or public property. The University will respond swiftly to investigate reports of hazing received from any source, and will promptly determine whether to proceed with campus disciplinary action, to forward a report to appropriate law enforcement officials for prosecution as a criminal matter, or both. University students who voluntarily consent to hazing, as well as those who inflict it, are subject to such action.

The term hazing shall include, but not be limited to, pressuring or coercing a student into violating state or federal law, any brutality of a physical nature, such as striking in any manner, whipping, beating, branding, exposure to the elements, forced consumption of food, liquor, drugs, or other substances, or other forced physical activities that would adversely affect the health or safety of the student. It also includes any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contacts, forced conduct that would be extremely demeaning or results in extreme embarrassment or any other forced activity that could adversely affect the mental health or dignity of the student. For purposes of this section, any activity as described above, or any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for purposes, including, but not limited to, recruitment, initiation, acceptance or admission into or affiliation with a university sanctioned organization, shall be presumed to be hazing and a “forced” activity, the willingness or consent of an individual to participate in such activity notwithstanding.

For a detailed description of procedures and reporting process please refer to the Hazing Policy.

IN Voluntary WithDrawal Policy
One of the University’s purposes is to ensure equality of educational opportunity while fostering an environment that promotes education, research, service, and the growth and safety of all members of its community. From time to time University officials become aware of a student who may be seriously interfering with this purpose because of a mental, emotional, or psychological health condition. In these situations, University officials may consider the appropriateness of (1) utilizing the regular student disciplinary system, or (2) involuntary examination, hospitalization, and treatment for mental illness under state law. In addition to, or instead of, either of those procedures, the matter may be handled as a potential medical withdrawal according to the standards and procedures described in this policy.

If such behavior constitutes a violation of university rules and regulations, the case may be referred to the Office of Student Conduct. If the student’s behavior occurs in the absence of any violation of rule or regulation, the Vice Chancellor for Student Affairs will investigate the situation and the effect of behavior on the student and the university community. The Vice Chancellor may choose to conduct a personal interview with the student. If, as a result of this interview, the vice chancellor determines that the student’s withdrawal from campus may be necessary, he/she will recommend withdrawal to the student.

For detailed description of procedures associated with this policy, refer to the Revised Involuntary Medical Withdrawal.

ProBATION AND SUSPENSION POLICY
Academic Policy see WSSU Undergraduate and Graduate Catalogs.

Student Conduct Policy see WSSU Student Code of Conduct

For a detailed description of procedures and reporting process please refer to the Hazing Policy.
RACIAL HARASSMENT POLICY
It is the policy of Winston-Salem State University to conduct and provide programs, activities and services to students, faculty and staff in an atmosphere free from racial harassment. Racial harassment is any behavior that would verbally or physically threaten, torment, badger, heckle, or persecute an individual because of his or her race. Racial harassment of university faculty, staff, students, or visitors is prohibited and shall subject the offender to appropriate disciplinary action. This policy applies to prohibit such conduct from one student to another. Students who feel that they have been subjected to racial harassment can seek advice from the University Counseling Center. A formal complaint against a faculty or staff member must be filed with the faculty or staff member's immediate supervisor. If a student is not satisfied with the response from the supervisor, the employee's supervisor may then be contacted. The student, if continuously dissatisfied with the response to his or her complaint, may file the complaint, ultimately, to the vice chancellor of the area. Student-to-student complaints must be filed with the dean of students, who will have the alleged incident investigated.

REPETITION OF COURSES POLICY
Courses taken at Winston-Salem State University may be repeated only twice; i.e., a course may be taken a maximum of three times. If the policy of a particular academic major or minor is to allow fewer than two repeats of a course, then students in that major or minor are obliged to follow the more restrictive policy of that academic department. Please refer to this policy in the WSSU Undergraduate Catalog.

RELEASE OF STUDENT INFORMATION & EDUCATIONAL RECORDS POLICY
This policy establishes guidelines for WSSU on access to and confidentiality of student records. It has been developed in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), also known as the Buckley Amendment. This policy covers all student records maintained at Winston-Salem State University and applies to any student who has completed the registration process at any time.

A detailed description in terms of access to student educational records, inspection of education records, refusal to provide access, fees for copies of records requests, correction of educational records, confidentiality of student records, and annual notification process are available in the Policy on the Release of Student Information and Educational Records.

SEXUAL HARASSMENT/SEXUAL VIOLENCE POLICY
In accordance with the University’s EEO and Non-Discrimination Policy, discrimination and harassment based on an individual’s Protected Class is strictly prohibited. Sexual Harassment and Sexual Violence are considered to be forms of sex discrimination. Sexual harassment by any member of the university is a violation of both law and university policy. Accordingly, no academic or personnel decisions, such as awarding of grades and jobs, shall be made on the basis of granting or denial of sexual favors. For the purposes of this policy, sexual harassment is defined as follows:

Sexual Harassment - Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct when: (1) submission to such conduct is made either explicitly or implicitly as a term or condition of an individual’s employment or academic advisement; (2) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive working or academic environment.

Sexual Violence - Sexual harassment includes sexual violence, defined as “physical acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual may also be unable to give consent due to an intellectual or other disability. A number of acts fall into the category of sexual violence including rape, sexual assault, sexual battery, and sexual coercion. All such acts of sexual violence are forms of sexual harassment covered under Title IX of the Education Amendments of 1972”, (20 U.S.C §§ 1681 et seq., 34 CFR Part 106.)

Consent - for the purposes of this Policy, consent means words or actions demonstrating a knowing and voluntary agreement to engage in mutually agreed upon sexual activity. Consent cannot be obtained by force, by ignoring or acting in spite of the objections, or by
taking advantage of the incapacitation of an individual. Silence or a lack of resistance is not consent. Consent to one sexual act does not constitute consent to any other sexual act.

**Reporting Options**

Any student wishing to report an incident that violates this Policy, should refer to the Resolution Procedures for Student Complaints of Sexual Harassment Sexual Violence, or contact the Deputy title IX Coordinator for Student Affairs, Mrs. LaMonica Sloan Wilhelmi at 336-750-3241, sloanl@wssu.edu.

**Private vs. Confidential Reporting Resources**

Under this Policy, privacy generally means that information related to a report under this Policy will only be shared with those University employees who “need to know” in order to assist in the active review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of all individuals involved in the process. By contrast, confidential reporting resources will NOT disclose individually identifiable information related to a report without the individual’s express written permission, unless there is a continuing threat of serious harm to the patient/client or to others or there is a legal obligation to reveal such information (e.g., where there is suspected abuse or neglect of a minor). **SOLICITATION AND VENDING POLICY**

All vending at Winston-Salem State University must be approved through the Ticket office. Recognized student organizations, approved by the Vice Chancellor for Student Affairs and recognized alumni organizations approved by the Director of Alumni Affairs, conducting fund-raising activities shall be eligible for campus vending permits without charge. Non-university related vendors offering for-sale products, services or soliciting clients/customers for legitimate business purposes deemed to be consistent with the university’s mission or in the interest of the university’s students and/or faculty and staff may be granted permission to operate on the campus with a limited vending permit. Third party vendors will only be approved for vending permits on the campus in cases where food products or merchandise offered for sale do not materially compete with or impair the sales of contracted university vendors. Due to the university’s affiliation with AT&T, all types of phone card sales are prohibited. Business solicitation will only be permitted in/or cases that do not interfere
with established work or class schedules and are in keeping with the university’s policies.

I. Persons, firms or organizations wanting to conduct sales activities or business solicitations on campus must submit a “Vendor’s Application” to the Ticket office at least two weeks prior to selling on campus (all vendors must submit a “Vendor’s Application”). The Ticket office manager will review the application and notify the vendor in writing of the status of their request. Prospective vendors may pick up an application from the Ticket office or the Business Services office.

1. Approved vendors must pay a vending fee to set up. The fee must be paid by cashier’s check, money order or cash, three days prior to selling. The fee for set up is $75.00 per day. Fees for Homecoming and International Day may differ.

2. A vending permit will be issued on the day of set-up (permit must be displayed at all times that vendor is set up).

3. All set-up material is to be provided by the vendor. Vendors must have table and tent for all merchandise and an approved vending trailer or vend car for food sales. WSSU is not responsible for making provisions for inclement weather (no refunds.). Set-up location will be the pedestrian mall in front of the Thompson Student Services unless determined otherwise by the Auxiliary Services Director.

4. Vendors will be allowed to set up between the hours of 8:00 a.m. and 6:00 p.m.

5. Vendors wishing to offer merchandise bearing the university name and/or logo must be properly licensed.

Specifically, the legislation states:

Effective beginning with the 2010-2011 academic year, the Board of Governors of The University of North Carolina shall impose a fifty percent (50%) tuition surcharge on students who take more than 140 degree credit hours to complete a baccalaureate degree in a four-year program or more than one hundred ten percent (110%) of the credit hours necessary to complete a baccalaureate degree in any program officially designated by the Board of Governors as a five-year program. Courses and credit hours taken include those taken at that constituent institution or accepted for transfer.

Effective with the Fall semester of 2013, the tuition surcharge will no longer apply to credit hours earned from any college or university not part of the UNC system and not a North Carolina community college per the North Carolina General Assembly Session Law 2013-325, House Bill 255. For detailed information please refer to the section on Tuition Surcharge from the webpage of the Registrar.

WEAPONS POLICY

Introduction
The possession of a weapon on WSSU property is a violation of state law, North Carolina statute #14-269-.2, and university policy. The following guidelines are adopted in order to communicate to the staff, students and the community the seriousness with which WSSU considers this act to be a violation of accepted standards of behavior and a threat to the safety of students and everyone in the university environment.

Adjudication
Individuals charged with violation(s) of this policy will be granted a hearing and due process considerations outlined in the Student Code of Conduct.

TUITION SURCHARGE POLICY

Undergraduate students who elect to take more than 140 degree-credit hours to complete a baccalaureate degree or more than 110% of the credit hours necessary to complete a five-year program will be subject to a 50% tuition surcharge as required by North Carolina General Statute §116-143.7.
WSSU WEATHER POLICY

The determination that adverse weather makes it necessary to delay classes and services will be made by the Vice Chancellor for Academic Affairs in consultation with other vice chancellors, subject to approval by the chancellor. When the decision is made to delay classes or services, the Vice Chancellor for Academic Affairs will inform the Director of Media Relations by 6:00 a.m. or sooner. The Director of Media Relations will notify the media, campus police and Residence Life about the delay of classes and services. Radio stations to be notified are WSNC (90.5 FM), WFDD (88.5 FM), WSMX (1500 FM), WTOB (1360 AM), WSJS (600 AM), WQMG (97.1 FM), WSNC (790 AM), and WPOL (1340 AM). Television stations to be notified are WXII (Channel 12), WFMY (Channel 2), WXLV (Channel 45) and WGHP (Channel 8). The Winston-Salem Journal will also be notified. Information to the media should be reported in the following order:

1. Class cancellation
2. Delay of services, (exact time service to commence will be given)
3. Any other information about programs, etc.

If classes or services are delayed during the day, the announcement will be made through the departments. When classes are not delayed or canceled, faculty members who find it impossible to attend due to hazardous driving conditions should notify the department head and file an absence report upon returning to campus. Unless missed classes have been arranged by substitute teaching, a memorandum should be filed with the absence report detailing plans for making up missed class time by expanded class periods, special projects, additional activities, or other appropriate techniques.

WITHDRAWAL POLICY

Students may occasionally find it necessary to withdraw from the university after the semester begins due to personal or medical problems. Withdrawal is not intended to be used to alleviate academic difficulty. In order to initiate the official withdrawal process, the student should meet with their academic success counselor or department faculty advisor. If withdrawal is unavoidable, the academic success counselor will then direct the student to the chair of the student’s academic department or University College if the student has not declared a major. The department chairperson will talk with the student to see if the department can assist the student in any way and explain the consequences and allowable limit of withdrawal from courses. There are withdrawals for extenuating circumstances and without extenuating circumstances. For detailed criteria and description of process refer to the Undergraduate Withdrawals Policy.
